**MOUNTING NOTES:**  
**MPT3-R-SM-4R-RT** Fixture installs directly to mounting surface or to a junction box with 3" mud ring. For installations without a junction box, provide suitable blocking to support the installation and allow sufficient space at behind canopy for low voltage connections. See Page 3 for additional details.

**Features**  
**MPT3-R-SM-4R-RT** Fully adjustable ROUND monopoint with 4" ROUND surface mount canopy for REMOTE driver. Three field adjustable housing positions with 0-110° tilt and 360° rotation. Use for adjustable accent, wall wash, and general lighting applications. Minimal 1-3/4" aperture and integrated snoot with 1/2" beveled regress for glare control. Multiple lengths available - see Pages 6-7 for additional details.

**Installation Notes**  
Ceiling or wall mountable. For low and standard output options, ambient temperatures adjacent to fixture should not exceed 40°C (104°F). For high output options, ambient temperatures adjacent to fixture should not exceed 25°C (77°F). For all output options, ambient temperatures adjacent to remote mounted drivers should not exceed 25°C (77°F). UL damp listed for covered ceiling/wall applications. Not for use in wet locations.

**Finish Notes**  
White finish is field paintable. Lot variation may occur with specialty finishes. Ordering ALL fixtures at the same time is recommended to minimize finish variation.

**LED Option and Accessory Notes**  
To ensure fixture to fixture color consistency, use of the same LED option with adjacent fixtures is recommended. One field interchangeable optic option included standard. Up to two additional optical accessories can be accommodated with standard lens ring. Up to three additional optical accessories can be accommodated with optional deep lens ring (included with HEX option).

**Driver and Output Option Notes**  
0-10v driver options are configured for linear control. DALI driver options are configured for logarithmic control. No.8 Lighting conducts extensive testing to establish compatibility with many dimmer types. For a complete list of compatible dimmers, see [8lighting.com/resources-downloads](http://8lighting.com/resources-downloads). Outputs vary depending on LED type, trim type, and optical accessories used. For photometric files in PDF and IES formats, see [8lighting.com/mpt3-series](http://8lighting.com/mpt3-series).

**Warranty**  
All No. 8 Lighting products are covered by a 5 year limited warranty. For specific warranty details and limitations, see [8lighting.com/resources-downloads](http://8lighting.com/resources-downloads).

JA8-2025 CA Title 24 Compliant.
